Summary

ISO 56003 offers tools and methods for innovation partnership, which should be established following these steps:

To work on these issues in the ISO 56003 training proposal, four activities were prepared.

How are the activities of the ISO 56003 training proposal divided?

Interactions between the partners

The **interactions** between partners in the context of an innovation partnership **can vary** depending on the nature of the collaboration and roles of the partners.

How the partners will interact is **formalised in the innovation partnership agreement**.

Key factors that may be addressed

Confidentiality	Program and objectives of the innovation partnership
Implementation of the innovation partnership	Management
Organizational	Governance
Funding and resources	Cost budgeting
Roles and responsibilities and powers of each board	Intellectual assets
Liabilities, indemnities and warranties	Termination strategy
